### Timeslips and Amicus Attorney Consultant

In a hypothetical case using a 10-attorney firm, it's been demonstrated that by capturing

just 15 minutes of "lost" time per day, per attorney, the firm could increase its annual billing by over \$100,000. We do this by providing software sales and service for Amicus Attorney, Timeslips, and QuickBooks software solutions. Since 1995, Integrated Visions has provided time billing and accounting solutions that helped over 500 law firms find and stop time leaks that were siphoning away profits.
